July 22, 2010 – 7:00 PM - This month the Stone Mountain Historical Society is exploring "Modern Stone Mountain," with a presentation looking at Post World War II housing in the village. Men and women returning from service, growing families and new residents were part of a residential housing boom here that established subdivisions like The Parks. Ranch Houses sited all around the city from Ridge Avenue to Shermantown attest to this period of experimentation when Stone Mountain went "Modern." Join us for a presentation at 7:00 PM at the Wells Brown House for a slide tour of this important period in our city's growth! Popcorn provided.
